

Adjusta-Flex Adjustable Beds

Positioning You for Total Comfort

The Advantages of a BOYD Adjusta-Flex 5000 Adjustable Bed

1. Wide choice of mattresses designed specifically for the adjustable bed.
2. Programmable wireless hand unit
3. 4 unique massage patterns with multiple speed vibration between upper and lower body.
4. Unitized steel frame featuring our exclusive armor shield plating.
5. Electrical components are factory tested prior to shipping. All electrical components plug into a central junction box.
6. Plywood base platform provides additional strength and flexibility.
7. Two powerful yet extremely quiet motors are 100% faster than any other motor on the market and they are maintenance and service free.
8. Locking casters are standard for additional convenience.
9. Base stands a full 15" from the floor, which is compatible with conventional bedding and higher than other adjustable beds.
10. "Wall hugger" design.
11. Auto lay flat.
